APPLICATION FOR LEAVE TO  
INTERVENE

Pursuant to Arizona Administrative Code ("A.A.C.") R14-3-105, the Arizona Solar Energy Industries Association hereby makes application for leave to intervene in the above captioned proceeding.

1. The purpose of the Arizona Solar Energy Industries Association, a non-profit organization, is dedicated to promoting the solar industry in Arizona and advancing the use of solar energy as a cost effective viable energy resource for the state.
2. The Arizona Solar Energy Industries Association has recently learned that Arizona Public Service has included its compliance with the Environmental Portfolio Standard as an agenda item for the settlement conference now underway. Therefore, the adoption of solar energy by Arizona Public Service

will be impacted by the company's request for approving rate schedules, and this in turn demands our participation in the settlement conference and all subsequent pleadings.

3. Intervention by the Arizona Solar Energy Industries Association will not unduly broaden the issues or delay the proceedings. It is the Arizona Solar Energy Industries Association understanding that a deadline for intervention has not passed for this docket.
4. The Arizona Solar Energy Industries Association requests that all pleadings, correspondence, discovery and other documents be served on the following:
